GEORGETOWN AND ITS AFFAIRS.

GEORGETOWN, December 11-12 m. The retrocession meeting which is to take place at Forrest Hall next Monday night will, I have no doubt, be one of the most spirited and interesting of the series. As much of the very best talent of the town will be brought into requisition on that occasion, both for and against retrocession, if we should be finally led astray by either the adoption or rejection of the agreed for, to be paid extra.

Into requisition on that occasion, the want of informeasure, it will not be for the want of information, as all the light that can be gathered from every quarter is being reflected upon it.

Several of the canal bridges on the east side of the Market-house continue to be a great difficulty in the way of many of our boatmen, and a great impediment to boats bound up light. Cannot our Corporation or the Canal Company take some steps to remedy this great evil, by either building new ones or raising the old a few feet higher? Many of the very best sites for coal-yards are situated on that portion of the canal.

NEW BANKING-HOUSE IN WASHINGTON CITY

The UNDERSIGNED having been induced to embark in the Exchange and Banking Business, in the city of Washington, D. C., avails himself of an early occasion to notify his friends and the public generally of the fact, and to solicit their encouragement. His institution will be known as

"THE BANK OF THE UNION," "THE BANK OF THE UNION,"
And from which not one dollar will be issued, for circulation, that will not be represented by something tangible and substantial in the shape of Gold and Silver, Drafts on the United States Treasury, Northern Exchange, or Virginia Bankable Funds.

Bankable Funds.

By a strict adherence to a legitimate issue upon such a basis, it will readily be perceived that the public are protected, and the Bank itself made to stand on the surest foundation. This enterprise is entered upon after the maturest deliberation, and it is gratifying to know that is meets with the approval of experienced and esgacious financiers of NEW YORK, WASHINGTON, and RICHMOND.

In addition to the issue of notes for circulation, "THE BANK OF THE UNION" will collect drafts on the Gevernment, and on the principal cities of the United States, and will negotiate for the purchase or sale (on commission) of State Stocks, Guarantied Bonds of Canal and Railroad Companies, and other good securities.

49- Any business connected with the different Departments of the Government, in Washington, will be attended to on liberal terms.

ESSENCE OF COFFEE.

With 12½ Cents to save four Pounds of Coffee!

THIS ESSENCE has been proved by many thousands of the richest and most respectable families, as well as by the poorer class of people, almost through the whole United States, to be by far the best preparation of Coffee ever offered to the public. Coffee made by this Essence is smuch more wholesome, more delicate, fine-flavored, perfectly clear, and, in every instance, superior to the innest Jaya coffee.

In order to give full satisfaction and proof that the above article is perfectly healthy, and to shew something of the deserved reputation it has gained and justly entitled to, we annex a few certificates and recommendations, particularly relating to health, from Dr. Booth and Dr. Chilton, practical Chemists and Analysists of the cities of Philadelphia and New York: also, from our Agents, all of whom are prominent Chemists and Druggists.

College Avenue, Tenth st., below Market st., Philadelphia, Sept. 4, 1851.

I have examined the Essence of Coffee manufactured by Hummel, Bohler & Co., and find that its constituents are not in the least degree injurious to health; it may be used freely and with perfect safety.

JAMES BOOTH, Proft, of Chemistry, applied to Arts, Franklin Institute. I have examined an article prepared by Messrs. Hummel, Bohler & Co., of Philadelphia, called Essence of Coffee, which is intended to be used with coffee for the purpose of improving it. I find it free not only from any thing injurious to health, but, on the centrary, the ingredients of which it is composed are perfectly wholesome.

All must admit there never has been given such a mass of genuine testimony in favor of any other medicine. Give it a trial! It cures when all other remedies have failed. Greater weight of testimony cannot be given—from the first men in this country.

BALTIMORE, Sept. 18, 1861. GENTLEMEN: After a full and satisfactory trial of the nedicine prepared by you, and very generally known as Dr. Hampton's Vegetable Tincture, which you recom-mended me to use as a relief for the debility and general prostration of my system, the result of taking three bot-tles of this wonderful compound has, I am pleased to say, ties of this wonderful compound has, I am pleased te say, resulted in a restoration of strength, a keen appetite, and an activity of body which I have not enjoyed for a long time. So satisfied am I of the virtues of this medicine, that I have confidently recommended it to many of my friends and acquaintances, and am happy to learn that in a great majority of cases the most beneficial results have stamped the infallibility of the Tincture. In my own case, I am satisfied that your advice to me to give it a trial has, under the blessing of a kind Providence, resulted in a restoration to health, for which I am truly thankful.

MORE HOME TESTIMONY.—NONE NEED DESPAIR.

TRY IT AND BE CURED.—WONDERFUL AND PERMANENT CURE OF DYSPEPSIA.

Baltimore, Sept. 13, 1851.

Messrs. Mortimer & Mowbray—Gentlemen: This is to certify that in the year 1843 I was attacked with a nervous affection, in consequence of Dyspepsia or Indigestion, which continued some eighteen months, during which time my sufferings were intense, both of body and mind. I tried every thing I could think or hear of, (as there was much sympathy for me,) and at length all efforts failed to cure me. I became much weakened, and could walk but a very short distance at a time, and was often in the act of falling upon the pavement, (I would stop in some door or alley to prevent it.) in consequence of frequent galpitations; and, from what I could learn, I supposed I had discuse of the heart, from frequent distressing pains about the same; as also my chest and abdomen—the latter being much distended. At this stage of my disorder I could neither eat, steep or weak with any satisfaction to myself. Life seemed to be a burden teme. My feelings were gloomy beyond description.

I at length heard of Dr. Hampton's Vegetable Tincture, and made trial of it. I had but taken the first dose when I felt a change for the better, and hope immediately sprang up. I continued, with the use of this invaluable Tincture, to improve daily, until I had taken the contents of three bottles; which, under Divine Providence, made a perfect cure of me.

I found I had an excellent appetite, and could partake of any food, which I could not do for years previously without the mest distressing sensations. I now emjoy uninterrupted good health, and have done so for the last six years; and would say to all afflicted as I have been to cast aside your prejudices, and try Hampton's Vegetable Tincture. Any information beside this but meagre description of my case will be given cheerfully for the benefit of the afflicted. Yours, WILLIAM M.O

SUCH A MASS OF HOME TESTIMONY MUST CARRY CONVICTION TO EVERY MIND.

Messrs. Mortimer & Mowbray—Gentlemen: The cure of Mr. Rebert Gault, by the use of three bottles of Hampton's Vegetable Tincture, as per his certificate, is, I think, almost unprecedented. His case of extremely exercicating suffering, from Chronic Inflammatory Rheumatism, came immediately under my own observation, through the last four years, which I considered entirely hopeless. Through my earnest persuasion, he was induced to try your invaluable Tincture. I was prompted to remark at the time, that if medicine would cure Mr. Gault, it certainly would "remove mountains." The knowledge of this miraculous cure compels me to consider it a duty I owe to the afflicted (and particularly to those with complaints like his) to make generally known the healing power of this truly wonderful medicine. Yours, most respectfully, JAMES P. MERKITT,

WASHINGTON, August 1, 1851. SIR: After consulting many persons interested in the principal Railroads in the United States, the under signed propose to establish agencies in this city and in New York, for the purpose of collecting full and authen-tic Railroad statistics and such other information as will

New York, for the purpose of collecting full and authentic Ratiroad statistics and such other information as will enable them to serve persons desiring to invest in Railroad securities, or to procure information of any matters connected with the construction and administration of Railroads. They also propose, especially, to urge upon Congress a modification of the laws relating to contracts for carrying the mail, so as to authorize the Post Office Department to contract for the perpetual use of Railroads, and, instead of paying, as now, quarterly on contracts for four years, to advance in five per cent. bonds of the United States, chargeable upon the revenues of the Post Office Department, an amount, the interest upon which at 6 per cent. would equal the payments now made.

The Government now pays \$200 per mile for earrying the mail on first-class Railroads. This is 6 per cent. on \$5,000. The undersigned would urge that, instead of paying \$200 a mile, per annum, the Department should deliver, on a contract in perpetuity, five \$1,000 bonds, bearing an interest of five per centum. At this rate the charge upon the Department would be reduced from \$300 to \$250 a mile, per annum, and the \$50 a mile saved would create a sinking fund, which will, in a few years, pay off the bonds, and give the use of such roads forever thereafter free of all charge; thereby effecting a vast saving on the present annual expenditures of the Post Office Department, and a consequent reduction of the rates of postage.

saving on the present annual expenditures of the Post Office Department, and a consequent reduction of the rates of postage.

The effect will be no less advantageous to Railroad companies than to the Government. For instance, such a contract would give to the Baltimore and Ohio Railroad Company more than \$2,000,000, which would enable that company to complete its road at an early day, and greatly increase its business and profits.

But to meet objectious and impress the public mind with a proper sense of the benefits to result from this measure will require concert of action and continued active effort, through the press and otherwise. The underrigned tender their services to your company, expecting a reasonable compensation, partly contingent upon the success of the measure; and respectfully suggest the propriety of your sending one or more delegates to this city, on the first Wednesday in December next, to confer with delegates from other Railroad companies, as to the details of the proposed arrangement and the best mode of bringing the subject before Congress.

Should it be your pleasure to accept of our services in this matter, we will promptly attend to all other business, which you, or your Company, may have with the Post Office Department, or other branch of the Government.

Hoping to hear from you at your earliest convenience, we are, respectfully, your obedient servants,
